

MEDLOCK PRIMARY SCHOOL

In Summer Term 2 2022 Nursery will be learning 'Exploring different experiences'.

Communication, Language, Literacy

For the children to be able to shift from one task to another when attention is given.

That the children have good vocabulary where they can communicate to both children and staff creating sentences and can follow instructions.

We are using 'In the moment' planning to support children's communication and interests by encouraging them to discuss, respond and questions such as 'where?', 'who?' and 'what?'.

Literacy Development

The children are able to handle books appropriately and understand the purpose of books and even spend more time within the book area and develop their favourite books and they are beginning to recall different stories through play.

The children should show interest in creating marks indoors and outside and they are able to distinguish the marks they make and their marks should represent items e.g. people or animals v(the child would be able to share where the eyes, feet and hands are on a person or tail and fur on a dog.

Mathematical Development.

The children will be able to recognise numbers in sequence and become confident with comparisons of quantities and groups of colour or number. They will be able to create patterns and recognise numbers in card form or count using their fingers.

Understanding the World

The children will be able to share their own experiences or experiences they have at school or home as well as sharing with both children and staff as well as noticing differences between people, seasons or nature.

Expressive art and Design

They will be extending play using props and pretending they are another e.g. a block for a phone' as well as using imagination to create their own stories or play to interact.

The children are enjoying rhymes and dance and enjoy taking part in action songs while using a range of sound makers and instruments.

Physical Development

Gross Motor- Each week the children will be participating in sport sessions with the sports coaches..

Where they would be able to achieve running, kicking a ball, jumping and with support catching and throwing balls.

Fine motor- the children will have a physical sent via seesaw to participate at home and will be doing the same in nursery.

The children will be interested in fine motor activities and will be using either the left or right as their dominant hand.

Personal, Social and Emotional Development

For the children to enjoy the company of other children within her environment, they have created friendships with all the children and maybe close relationships in smaller groups.
